Review: Love the book. A great look at the current state of capitalism and its weaknesses. The book challenges the current concepts and presents an amazing balanced alternative to the current system. The alternative is something that takes all stake holders into account, from planet to financial investors. Great read highly recommend....

*Description: Proven, Profitable, and Sustainable*For the past fifty years, leaders in the business world have believed that their sole responsibility is to maximize profit for shareholders. But this obsessive focus was a major cause of the abuses that nearly sunk the global economy in 2008. In this analytically rigorous and eminently practical book, Bruno Roche and...
